

MATERIAL SAFETY DATA SHEET

GC Medium Base

Date of Issue: 08/27/2023

Material Safety Data sheet

| Section 1: Product and Company Information | | | | |
|--|--|-----------------|------------------|--|
| Product Name | GC Medium Base | | | |
| Catalogue Number | :22070 | Technical Phone | 0098 21 66787291 | |
| | i23070 | | 09391003565 | |
| E-mail | ibresco@gmail.com | Fax No | 0098 2633523460 | |
| Company Address | Zist Kavosh Iranian, No.432, East Kokab Av,45 Metri Golshahr, Karaj, Iran. | | | |

Section 2: Hazards Identification

Classification of the substance or mixture

Not a hazardous substance or mixture.

GHS Label elements, including precautionary statements

Not a hazardous substance or mixture.

Hazards not otherwise classified (HNOC) or not covered by GHS

none

| Section 3: Composition / Information on Ingredients | Section 3: | Composition / | / Information on | Ingredients |

^{*} Weight %

Section 4: First Aid Measures

Description of first-aid measures

If inhaled After inhalation: fresh air.

In case of skin contact

In case of skin contact: Take off immediately all contaminated clothing. Rinse skin

with water/ shower.

In case of eye contact After eye contact: rinse out with plenty of water. Remove contact lenses.

If swallowed

After swallowing: make victim drink water (two glasses at most). Consult doctor if

feeling unwell.

Most important symptoms and effects, both acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11.

Indication of any immediate medical attention and special treatment needed

No data available

Section 5: Fire Fighting Measures

Extinguishing media

Suitable extinguishing media

Water Foam Carbon dioxide (CO2) Dry powder

Unsuitable extinguishing media

For this substance/mixture no limitations of extinguishing agents are given.

Special hazards arising from the substance or mixture

Nature of decomposition products not known.

Carbon oxides

Oxides of phosphorus

Hydrogen chloride gas

Potassium oxides

Sodium oxides

Mixture with combustible ingredients.

Development of hazardous combustion gases or vapours possible in the event of fire.

Advice for firefighters

In the event of fire, wear self-contained breathing apparatus.

Further information

Suppress (knock down) gases/vapors/mists with a water spray jet. Prevent fire extinguishing water from contaminating surface water or the ground water system.

Section 6: Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Advice for non-emergency personnel: Avoid inhalation of dusts. Evacuate the danger area, observe emergency procedures, consult an expert.

For personal protection see section 8.

Environmental precautions

Do not let product enter drains.

Methods and materials for containment and cleaning up

Cover drains. Collect, bind, and pump off spills. Observe possible material restrictions (see sections 7 and 10). Take up dry. Dispose of properly. Clean up affected area. Avoid generation of dusts.

Reference to other sections

For disposal see section 13.

Section 7: Handling and Storage

Precautions for safe handling

For precautions see section 2.

Conditions for safe storage, including any incompatibilities

Storage conditions Tightly closed. Dry.

hygroscopic Moisture sensitive.

Storage class (TRGS 510): 11: Combustible Solids

Section 8: Exposure Controls / Personal Protection

Control parameters

Components with workplace control parameters

| Components | CAS-No. | Value | Control parameters | Basis |
|------------|-----------|-------|--------------------|---|
| starch | 9005-25-8 | TWAEV | 10 mg/m3 | Québec. Regulation respecting occupational health and safety, Schedule 1, Part 1: |

| | | | Permissible exposure values for airborne contaminants |
|--|-----|----------|---|
| | TWA | 10 mg/m3 | Canada. Alberta, Occupational Health and Safety Code (table 2: OEL) |
| | TWA | 10 mg/m3 | Canada. British Columbia OEL |
| | TWA | 3 mg/m3 | Canada. British Columbia OEL |
| | TWA | 10 mg/m3 | USA. ACGIH Threshold Limit Values (TLV) |

Exposure controls

Appropriate engineering controls

Change contaminated clothing. Wash hands after working with substance.

Personal protective equipment

Eye/face protection

Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU). Safety glasses.

Skin protection

Full contact

Material: Nitrile rubber

Minimum layer thickness: 0.11 mm Break through time: 480 min

Material tested: KCL 741 Dermatril® L

Splash contact

Material: Nitrile rubber

Minimum layer thickness: 0.11 mm Break through time: 480 min

Material tested: KCL 741 Dermatril® L

Respiratory protection

required when dusts are generated. Our recommendations on filtering respiratory protection are based on the following standards: DIN EN 143, DIN 14387 and other accompanying standards relating to the used respiratory protection system.

Control of environmental exposure

Do not let product enter drains.

| Section 9: Physical and Chemical Properties | | |
|--|-------------------|--|
| Physical state | powder | |
| Color | beige | |
| Odor | No data available | |
| Odor Threshold | No data available | |
| Melting point/freezing point | No data available | |
| Initial boiling point and boiling range | No data available | |
| Evaporation rate | No data available | |
| Flammability (solid, gas) | No data available | |
| Upper/lower flammability or explosive limits | No data available | |
| Flash point | No data available | |
| Vapor pressure | No data available | |
| Vapor density | No data available | |
| Autoignition temperature | No data available | |

| Decomposition temperature | No data available |
|--|-------------------|
| pH | 7.2 |
| Viscosity | No data available |
| Partition coefficient: n-octanol/water | No data available |
| Density | No data available |
| Relative density | No data available |
| Explosive properties | No data available |
| Oxidizing properties | No data available |
| Other safety information | No data available |

Section 10: Stability and Reactivity

Reactivity

The following applies in general to flammable organic substances and mixtures: in correspondingly fine distribution, when whirled up a dust explosion potential may generally be assumed.

Chemical stability

The product is chemically stable under standard ambient conditions (room temperature).

Possibility of hazardous reactions

No data available

Conditions to avoid

No data available

Incompatible materials

Strong oxidizing agents

Hazardous decomposition products

In the event of fire: see section 5

Section 11: Toxicological Information

Information on toxicological effects

Mixture

Oral: No data available

Acute toxicity estimate Oral - > 5,000 mg/kg

(Calculation method)

Acute toxicity Inhalation: No data available

Acute toxicity estimate Dermal - > 5,000 mg/kg

(Calculation method) No data available

Skin corrosion/irritationNo data availableSerious eye damage/eye irritationNo data available

Germ cell mutagenicity No data available

Carcinogenicity No data available

Reproductive toxicity

No data available

Specific target organ toxicity - single

Respiratory or skin sensitization

exposure

No data available

No data available

Specific target organ toxicity - repeated

exposure

No data available

Aspiration hazard

No data available

Additional Information

Vomiting, Diarrhea, Dehydration and congestion may occur in internal organs. Hypertonic salt solutions can produce inflammatory reactions in the gastrointestinal tract., To the best of our knowledge, the chemical, physical, and toxicological

properties have not been thoroughly investigated.

Hazardous properties cannot be excluded but are unlikely when the product is

handled appropriately.

Components

starch

Oral: No data available

Inhalation: No data available Acute toxicity Dermal: No data available

No data available

Skin - Human Skin corrosion/irritation Result: Mild skin irritation - 3 h

Remarks: (RTECS)

No data available

No data available

Serious eye damage/eye irritation No data available Respiratory or skin sensitization No data available Germ cell mutagenicity No data available No data available Carcinogenicity Reproductive toxicity No data available

Specific target organ toxicity - single

exposure

Specific target organ toxicity - repeated

exposure

No data available **Aspiration hazard**

| Section 12: Ecological Information | | |
|------------------------------------|---|--|
| Toxicity | | |
| Mixture | No data available | |
| Persistence and degradability | No data available | |
| Bio accumulative potential | No data available | |
| Mobility in soil | No data available | |
| Results of PBT and vPvB assessment | PBT/vPvB assessment not available as chemical safety assessment not required/not Conducted. | |
| Other adverse effects | No data available | |

Section 13: Disposal Consideration

Waste treatment methods

Product

Waste material must be disposed of in accordance with the national and local regulations. Leave chemicals in original containers. No mixing with other waste. Handle uncleaned containers like the product itself. See www.retrologistik.com for processes regarding the return of chemicals and containers, or contact us there if you have further questions.

| Section 14: Transport Information | | |
|-----------------------------------|--|--|
| TDG | Not regulated as a dangerous good | |
| IMDG | Not dangerous goods | |
| IATA | Not dangerous goods | |
| Further information | Not classified as dangerous in the meaning of transport regulations. | |

Section 15: Regulatory Information

This product has been classified in accordance with the hazard criteria of the Hazardous Products Regulations (HPR) and the SDS contains all the information required by the HPR.

Section 16: Other Information

DISCLAIMER

For R&D use only. Not for drug, household or other uses.

WARRANTY

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. *ibresco* shall not be held liable for any damage resulting from handling or from contact with the above product.

The information contained herein is based on the present state of our knowledge. It characterizes the product with regard to the appropriate safety precautions. It does not represent a guarantee of any properties of the product.
